Dear RE/MAX 100 Inc.,

My husband Wayne and I were out in Colorado for our 11th Anniversary this year, during the end of July to the middle to end of August and we were looking everywhere for property. We had talked to a few different real estate agents but we were having absolutely no luck.

We finally got ahold of Mark Skelton, from your office, and I have to say he was, by far, the most knowledgeable real estate person we have ever dealt with.

He took us to a few sites, but you know how you just have to get the right feel from the land you want to be on. Well, Mark knew we weren't seeing just what we wanted and he immediately thought of this last piece of property we looked at.

I have to say I personally have met many people, good and not so good, but Mark Skelton is amazing at his job and just an amazing person all around. The way he listened to us and found us just what we wanted.

We, because of Mark, are now proud land owners of a beautiful piece of heaven right here on earth.

We want to thank the RE/MAX family and especially Mark Skelton for making our dreams come true! He is truly a wonderful person and you are lucky to have him on your team.

Wayne & Dawn Doyle

Warm regards,
Wayne & Dawn Doyle
